## PROFILE

Highly skilled Full Stack Developer with a strong background in creating intuitive web applications and platforms. Proven expertise effective integration of technologies for optimal project outcomes. Adept at managing the backend of platforms, with hands-on experience in continuous deployment within AWS environments. Collaborative team player experienced in agile methodologies (SCRUM) and committed to problem-solving and analysis. Known for effective communication and a passion for continuous professional development. Ready to bring a wealth of experience and a diverse skill set to drive success in dynamic project environments.

## EXPERIENCE

### Full Stack Developer – Lima, Hybrid - [Meteor](#) (July 2023 – December 2023)

I led backend development for the NFT Marketplace and Launchpad, implementing functionalities to listen to events from smart contracts in the web3 environment. Additionally, I contributed to frontend development using React, Next.js, and Chakra UI. Technologies utilized included Express, Nest.js, TypeORM, Prisma, and Postgres for backend development. I also managed deployment on AWS infrastructure (Amplify, EC2, S3), ensuring seamless integration and continuous availability of our platform.

### Full Stack Developer – Lima, Remote - [IDSI](#) (April 2023 - June 2023)

I played a key role in the strategic transition of software to web platforms, excelling in the development of an innovative web application using Vuejs and .NET (MVC). I opted for SCRUM in project management, actively participating in sprint planning. My experience spans from optimizing SQL Server databases to efficiently managing the API on the Frontend.

### Full Stack Developer – Ayacucho, Presential - [Besterp](#) (December 2021 - August 2022)

Developed new requirements for Besterp clients, addressing their specific needs and enhancing the system's functionality. Provided comprehensive support to clients in utilizing the Besterp system effectively, addressing inquiries, identifying issues, and delivering prompt and effective solutions. Actively participated in the Oracle web update process, leveraging my expertise and knowledge to ensure a smooth and successful transition to the latest software version.
